OBJECTIVE:

To obtain a challenging and rewarding web developer position where I can apply my passion, skills and experience in creative, user interface, web design and development, and usability projects.

WORK EXPERIENCE:

User Interface Developer

SRA International, Inc., Fairfax, VA

October 2009 to Present

June 2009 to October 2009 temporary (through Apex Systems)

Provide front end web development and maintenance for various government web sites using HTML/XHTML, CSS and JavaScript/jQuery. Build web pages from wireframes created in Adobe Photoshop and Microsoft Visio, applying functionality and dimension. Implement adopted coding and style standards by ensuring pages have valid code, 508 compliant, accessible and cross-browser compatible. Support the maintenance, development and Drupal CMS migration of government sites. Create 508 compliant and accessible documents (PDFs, Word and PowerPoint). Act as file librarian for various project staging and production servers. Provided web statistics and analysis for various sites. Created Dreamweaver and email templates.

Web/Graphic Designer (Self-Employment)

CFB Designs: Creative Finishing by Booker, Manassas, VA

March 2005 to Present

Responsible for the design, development and maintenance of several websites. Meet with potential customers to discuss their needs and offer recommendations to best handle their requests. Sketch out ideas for designs and present clients with 2 to 3 drafts of the design for approval/feedback. Make decisions on size, layout, materials, medium, color schemes, typography, lighting effects, specific visual elements and reproduction methods. Create multi-media presentations including video presentations and photo slideshows for special occasions. Design and printing of business cards, brochures, flyers, information packets, invitations, postcards, event programs, calendars, book covers, certificates and event tickets.

Web Specialist

Newspaper Association of America, Arlington, VA

February 2008 to April 2009

Responsibilities: Updated and maintained multiple web sites - the organization's main site NAA Foundation, Growing Audience; designed the 2009 Annual Conference site for member's to find out more information about the conference; designed and constructed Publisher Update (the CEO's bi-weekly e-newsletter); formatted and published organization's monthly magazine (PRESSTIME) on the main web site; designed graphics and logos for use on the organization's web site and member sites; collaboration with content providers; compiled and prepared task logs of staff projects for weekly staff meetings; assisted in the launch of two site redesigns and launch of community server; compiled monthly web statistic reports.
